

Sources d'informations sur la NMD

Liste établie par Derek BROWN

The Acronym Institute

www.acronym.org.uk

Réalise des recherches et publie de l'information sur la négociation et la vérification d'accords et de traités liés au désarmement et à la maîtrise des armements. Suit de très près la question des systèmes de défense antimissile et leurs conséquences pour les traités existants et la maîtrise des armements. L'Institut publie *Disarmament Diplomacy* (disponible en ligne).

Arms Control Association

www.armscontrol.org/assorted/nmdindex.htm

Propose des liens vers les articles de *Arms Control Today* traitant de la défense antimissile nationale ainsi que des fiches d'information.

Ballistic Missile Defense Organization

www.acq.osd.mil/bmdo/bmdolink/html

Cette organisation du Département de la défense des États-Unis est chargé de contrôler, diriger et exécuter le programme américain de défense antimissile balistique. Le site présente ce programme et propose aussi des fiches d'information, des données techniques et des précisions budgétaires.

Center for Defense Information

www.cdi.org

Le CDI est une organisation non gouvernementale de recherche qui entend surveiller les activités de l'armée américaine. Le site propose : commentaires, fiches d'information, traités et textes de loi, ainsi qu'une liste exhaustive de liens.

Centre for Defence and International Security Studies

www.cdiss.org/hometemp.htm

Cet institut de recherche, basé au Royaume-Uni, veut engendrer une meilleure prise de conscience et stimuler les discussions sur un certain nombre de questions de défense et de sécurité à travers le monde. Ce site comprend des informations sur le contexte et les technologies de défense antimissile ainsi que sur les stratégies antiforces et propose de nombreux liens.

Coalition to Reduce Nuclear Dangers

www.clw.org/coalition/libbmd.htm

Contient des liens très utiles s'agissant de la défense antimissile : déclarations gouvernementales et non gouvernementales, législation, éditoriaux, auditions et déclarations au Congrès.

Council for a Livable World

www.clw.org/bmd.html

Ce site très complet sur la question de la défense antimissile présente plusieurs dossiers ainsi que des liens vers les rapports gouvernementaux et la législation pertinente.

Federation of American Scientists www.fas.org/spp/starwars/program/nmd/index.html

Ce site examine en profondeur le programme américain de défense antimissile. Il comprend notamment de nombreuses informations techniques, des commentaires, un résumé des dernières informations ainsi que les différents traités importants.

The Henry L. Stimson Center www.stimson.org

Ce site propose de nombreux liens vers des ressources utiles s'agissant des questions de défense antimissile et notamment des dossiers, des rapports de conférences, des résumés de tables rondes et des documents d'évaluation des menaces.

Heritage Foundation www.nationalsecurity.org

Un groupe d'experts conservateur qui propose des renseignements et des analyses sur les intérêts des États-Unis en matière de sécurité et présente des informations qui prônent un programme avancé de défense antimissile nationale.

Union of Concerned Scientists www.ucsusa.org

Le site examine en profondeur le programme américain de NMD. Il comprend dossiers, fiches d'information, analyses et liens sur les défenses antimissile.
