	<i>Page</i>
Foreword	ix
Preface	xi
List of Acronyms	xiii

Chapter 1

Introduction

Jürgen Altmann, Horst Fisher and Henny J. van der Graaf

1.1	The Problem	1
1.2	Definitions	3
1.3	Aims of the Book	5

Chapter 2

The Use of Unattended Ground Sensors in Peace Operations

Henny J. van der Graaf

2.1	Historical Background	7
2.2	The Present Situation	9
2.3	Ground Sensor Applications	11
2.4	The Characteristics of Peace Operations	12
2.5	Ground Sensors and the Operational Environment	13
2.6	The Use of Ground Sensors Under Various “Tactical” Circumstances	16
2.7	Use of Sensor Systems in Mobile Operations (Patrolling)	24
2.8	Other Activities	26
2.9	Operational Requirements for Ground Sensors	29
2.10	Training	30
2.11	Costs of a Ground Sensor System	31

2.12	Organisational Set-up	32
2.13	Sensors and Personnel Strength	34
2.14	Intelligence, Information and Communications	36
2.15	Conclusion	37

Chapter 3

Questionnaire Answers Analysis

Willem A. Huijssoon

3.1	Preface	41
3.2	Identification	41
3.3	Usefulness and Importance	44
3.4	Covert/Overt Installation and Encrypted/Open Communications	48
3.5	Requirements	51
3.6	Problems	57
3.7	Improvement of Efficiency	60
3.8	Organisational Set-up	60
3.9	Costs and Priorities of Sensor Systems	62
3.10	Conclusion	64

Chapter 4

Technical Potential, Status and Costs of Ground Sensor Systems

Reinhard Blumrich

4.1	General Considerations	65
4.2	Required Sensor Characteristics	68
4.3	Types of Sensors	71
4.4	Sensor Systems and System Components	95
4.5	Handling of Sensor Systems	101
4.6	Suitable Sensors for Detection	102
4.7	Monitoring Scenarios and System Concepts	104
4.8	Existing Sensor Systems	118
4.9	Estimated Costs and Required Development	147
4.10	Possible Variations in Requirements	151

Chapter 5

Maintaining Consent: The Legality of Ground Sensors in Peace Operations

Ralph Czarnecki

5.1	Introduction	155
5.2	Lawyer's Obsession: Clarifying Peace-keeping	157
5.3	Legal Issues Arising From the Use of Ground Sensors	176
5.4	Is There a Need for New Rules?	195
5.5	Suggested Rules	214
5.6	Summary of Results	216

Chapter 6

Conclusions and Recommendations

<i>Jürgen Altmann, Horst Fisher and Henny J. van der Graaf</i>	219
--	-----

Appendix I: Compiled Questionnaire Answers

<i>Willem A. Huijssoon and Jürgen Altmann</i>	225
---	-----

Biographical Notes	271
